The School of Nursing and Dental Hygiene has a proud tradition of producing caring and skilled professionals that provide for the health needs of our diverse population. These alumni are an invaluable part of the School that continue to inspire pride in our future graduates.

Today, thousands of School of Nursing and Dental Hygiene alumni stretch the globe. The Alumni Association is a great way to stay connected with this remarkable network of talented and successful professionals. Reunite with old friends and classmates or create new connections for professional development.

“As a student, UH Manoa Nursing gave me invaluable knowledge and networking opportunities I would not have found anywhere else. We had high fidelity simulations, mock interviews with prominent hospital managers and staff, a student ambassador program, and a multitude of scholarships just to name a few. I recently joined the UH Manoa Nursing Alumni Association and enjoy working with my former teachers and being at the forefront of planning networking and fundraising events to benefit current students. I look forward to giving students the tools to their success in school and their upcoming careers.” – *Perry Tsuruoka, Undergraduate Nursing, Class of 2014*
