"As a student, UH Manoa Nursing gave me invaluable knowledge and networking opportunities I would not have found anywhere else. We had high fidelity simulations, mock interviews with prominent hospital managers and staff, a student ambassador program, and a multitude of scholarships just to name a few. I recently joined the UH Manoa Nursing Alumni Association and enjoy working with my former teachers and being at the forefront of planning networking and fundraising events to benefit current students. I look forward to giving students the tools to their success in school and their upcoming careers." - Perry Tsuruoka, Undergraduate Nursing, Class of 2014
